**COMMENTS**

Meg Keeves gave a brief overview of the project to Supervisor Ricketts. The property will soon close on the purchase and will have 4 full-time employees and will eventually expand to 10. The business provides service and repair for medium/heavy trucks and farm equipment. They currently have a site in Bliss, NY with 35% of their current business coming from Allegany County. The decision was made to open a site in Allegany County as their Bliss location is booked solid and turning business away.

With no further comments or questions, the Public Hearing was closed at 10:30 a.m.
